THE MAINSHEET

Vol. 36 No. 6 | June, 2007 | Cheney Lake, Kansas

From The Commodore

Once again, the lake level is going down. It has been quite a roller coaster ride. About the time the lake gets close to its normal level, the deluge resumes upstream and we flood again. Hopefully, we've seen the last of the high water for a while. Of course, we'll wish for the water in August! When you are out at the club, pick up and clean up any flood debris you can. The place was looking pretty good just before the Memorial Day flooding.

At the Board meeting in June, the Harbormaster informed the Board that he was having significant difficulties securing commitments from people to complete the work needed to turn the boards on the wet slips. Consequently, the Board decided to obtain bids for this work. The Board will decide in a later meeting whether to hire contractors to complete the needed work. If contracted, this will have an impact on future dues and fees and may necessitate a special assessment for wet slip lessees. The specifics of the costs and means to fund them are yet to be determined. Your Board would prefer not to have to contract outside of the club to complete this work! Of course, if this work is contracted, the people assigned to the wet slip committee will have significantly less opportunities to complete work credit and may not be able to complete sufficient hours to participate in the work credit program next year. But, that decision is in their hands. Remember that work completed outside of your assigned committee will not count towards your work credit hours unless you have been explicitly released from your assigned committee in advance. It is very unfortunate that our club which has been built on the foundation of volunteer efforts of its members finds it necessary to hire contractors to complete more and more of our work. Perhaps the members can renew their volunteer efforts and turn this situation around. We'll see. If you want to help with this project and help control club costs, contact Jim Honeyman, the Harbormaster.

If you are still getting your Mainsheet in paper form mailed to you, please send an e-mail to Allen Johnson and get on the e-mail list. You'll receive the Mainsheet much sooner, in full color and you'll help to keep the clubs expenses in check. Allen's e-mail address is administrativesecretary@ninnescah.org. Soon, this will be the only "free" option. And, with the recent postage increases, the mail option has gotten more costly.

The Board recently approved new rules requiring all members having leased space, slips, yards and moorings, to sign a lease with the Association setting out the rights and obligations of the parties. This is available in final form and published on the website for members to print and review at their leisure. The requirement for all members to sign a lease will be effective with the next membership renewal cycle. The lease will be an annual lease with provisions for annual renewal provided all conditions are met. A paper copy for you to sign and return will be included in your renewal package this fall. In the meantime, look to the website in to download a copy to review.

There are lots of things going on at the club and the involvement and assistance of every member is needed to keep the wheels turning. If you see something that needs attention, check with Patrick and offer to take care of it.

See you at the lake!

Board of Governors

Ninnescah Sailing Association
Board of Governors
Minutes for June 6, 2007

Board members present: Huffman, Pierce, Honeyman, Garvey, Fitzgerald, Shull, Graves, Woodward and Carlsen.

Members present: Adams, Johnson and Knox.

- The meeting was called to order at 7:03pm at the Afterdeck.
- The minutes of the May 3 meeting were approved as published.
- The financial reports for April and May were discussed and approved.
- Honeyman reported that 6 moorings had been located and were usable. The search continues for the remaining moorings, which will be placed in service as located and repaired.
- The deck turning project is going slow due to lack of workers. The Board discussed the need to consider hiring it done and assessing the slip holders accordingly. Woodward advised he was meeting with the dock builders next week on other matters and would acquire a bid for the project for future Board discussions. Honeyman and Knox will continue to get the committee members and slip holders to turn out to do the work in hopes hiring it done can be avoided. Honeyman also reported that the end bars had been removed from most of C slip and a different anchoring system being deployed would require bars on only about six slips.
- Garvey said the Memorial Day and new member functions were successful. The history in pictures was enjoyable and informative. A function will be held later so members can bring their historical pictures to be scanned for preservation. The Blessing of the Fleet will be June 16 and the Progressive Dinner will be July 21. There is not a Block Party scheduled July 22, as shown in the Yearbook. That is a mistake included from last years book.
- Carlsen reported a great effort was put out after the first flood to clean up, and unfortunately, we were going to have to do it again. A work day is scheduled for June 23. The cabana repair/replacement project is on hold until the water level goes down. He reminds members to mow, put names on trailers and close the gates. And please do not leave batteries and used oil on the premises.
- Pierce reported the Memorial Day Regatta was a success and the next event will be the Opti clinic and Great Plains Championship Regatta June 14 thru 17. The White Cap regatta is scheduled for July and the Bemis Cup for this area will be part of that regatta.
- Huffman advised the abandoned boats had all been sold.
- Johnson advised only four member dues haven't been received and proof of insurance has been turned in by all but two members.
- Woodward said the fire alarm system is installed and he was discussing the cost of monitoring with several systems. He also said he would review the work committees to see if adjustments were needed to assist the deck turning effort.
- Adams reported the lake level is 3.69 ft above pool, which puts it over the road at the slips. It is being released at 1265 ft. per second and is finally slowly receding. The club boats are in good working order but the Kabota will need some repairs to a leaky fuel system. Some roof leaks were repaired in the Afterdeck and property manager's residence. Some additional repair is needed to the gables of the Afterdeck and some sheetrock in the loft. He advised that under the recent downpour, some water ran in around the sliding glass doors at the afterdeck, and some type awning or other reflector of water may need to be investigated. The ice machine is working out excellently and the basement door latch has been replaced with one more conducive to carrying out bags of ice. Energy saving bulbs are being put in all the lights to save money. Several units of dock floatation have been ordered for routine maintenance of the slips and docks. The electrical key system at the campground is working great. New buoys have been acquired and placed in the cove. Due to the water conditions, the club may need to consider a fog treatment of the grounds for mosquitoes. Patrick plans an orientation of systems on the 23rd of June. Crane at 11:00 am, boats at 12:00 noon and Afterdeck at 1:00pm.
A better weather station tied to our website was discussed and will be investigated for future consideration.
The arboretum project will start with donations to be administered by The Friends of Cheney. An October planting of trees will be scheduled. Members interested should contact Patrick concerning how to make contributions to the Friends of Cheney for the project.
- Huffman will make a few minor changes to the Slip/Yard/Mooring lease and have it placed on the website for members to review. Fitzgerald said he would place a letter in the mainsheet concerning the same.
- The Long Range Planning Committee did not meet in May since the members were working on several projects for discussion in June. A meeting will occur June 21 at 7:00 pm at Quincy's, 21st and West St.
- Woodward discussed the insurance needs and possible scenarios affecting premiums. No action was taken.
- NEST has issued one share of stock to NSA. Jeff Leonard is working on the details with Graves.
- Garvey reported the number of mailed Mainsheets is down, saving the club on printing and postage. Members are encouraged to sign up to receive the Mainsheet by email.
- The Board passed new rules 11.D, 12.F and 13.Y as follows:
- New rule 11.D. "All lessees shall have a signed lease agreement on file with the Administrative Secretary after January 1, 2008. If the lease conflicts with NSA rules or board policies, the lease shall control."
- New rule 12.F "All lessees shall have a signed lease agreement on file with the Administrative Secretary after January 1, 2008. If the lease conflicts with the NSA rules or board policies, the lease shall control."
- New rule 13.Y "All lessees shall have a signed lease agreement on file with the Administrative Secretary after January 1, 2008. If the lease conflicts with the NSA rules or board policies, the lease shall control."
- The Board discussed several proposed mooring systems and the design for a larger mooring field. A committee made up of Honeyman, Adams, Woodward and Vetter will pursue the subject

Board of Governors - cont.

and report to the board at a later meeting.

- The Board discussed the Jr. Sailing boat use policy. The Board passed a resolution prohibiting taking the boats off the premises without prior approval from the Vice Commodore. The board asked Pierce to draft a proposal for the use of the Jr. boats by club member, upon proof of proficiency, at times the Jr. program is not using the boats. Pierce also proposed a plan allowing Red Cross graduates to join the association at reduced membership costs so they could sail the Red Cross boats and Jr. boats as permitted. Pierce, Johnson and Graves will meet with the Red Cross and report back in July.
- The Board discussed a request to cover coach costs for the Bemis teams from the GUST program. The Board declined to do so since it is a GUST matter and NSA has already paid its part of the GUST program.
- The Board discussed mooring fees and the committee reviewing the new moorings and mooring field issues will include fees in their study.
- The Board approved a $100.00 contribution to the memorial fund set up for the children of William Weatherford, son of Steve and Paula Weatherford, who was killed in a military training accident recently.
- Slip transfer requests with the sale of boats were approved, subject to compliance with association rules, from Orr to Sutter and from Palmquist to Garrett.
- The Board discussed the tampering with a barrier placed restrict access to the lower campground during the Memorial Day weekend and flood. The Board strongly advises members to respect such barriers as they are placed at the direction of the Park staff or at the direction of the Board to protect the public and the association grounds.
- The Board discussed Mainsheet advertising. Garvey will research and report to the Board at a later meeting.
- The Board set the Commodore's Breakfast for September 3, 2007, Further info will be in the Mainsheet.
- July BOG meeting, Quincy's, July 5, 7:00pm
- June BOG breakfast, Beacon, June 19, 7:00 am
- June LRP meeting to be noticed up by Huffman

Meeting adjourned at 11:10.

Proposed rules requiring signed lease agreement for slips, yard spaces and moorings.

New rule 11.D. " All lessees shall have a signed lease agreement on file with the Administrative Secretary after January 1, 2008. If the lease conflicts with NSA rules or board policies, the lease shall control."

New rule 12.F "All lessees shall have a signed lease agreement on file with the Administrative Secretary after January 1, 2008. If the lease conflicts with the NSA rules or board policies, the lease shall control."

New rule 13.Y "All lessees shall have a signed lease agreement on file with the Administrative Secretary after January 1, 2008. If the lease conflicts with the NSA rules or board policies, the lease shall control."

Notice:

Per Kansas Statute NSA will file a supplemental schedule listing all watercraft located on premises July 1, 2007. If you have any questions, please contact John Graves or any NSA Board Member.

And from Operations - Sondra Garvey

I hope you enjoyed the wonderful Memorial Day weekend at NSA! We had a some great events!

New Member Welcome Party

On Saturday, Pat and Heather Coulter and the New Member Committee hosted a great New Member Welcome party in the AfterDeck with about 30 members in attendance. New members to the club were treated to a newly developed NSA History program with historic photos from the years when the lake was first being built on up to the present. The history was narrated by Pat Coulter. A colored, laminated navigation map of the lake was also given to the new members and the excess copies will be available for sale at the Ships Store. The historical photos will be made available on our website for your viewing pleasure!

Memorial Day Dinner and DJ Dance

Although at one point there was high concern about flooding, the weather ended up being very beautiful. Joan and Roger Gibson (Social Chairmen) and their Social Committee made a fabulous Memorial Day party with great old fashioned picnic food (including home made ice cream!), great decorations both inside and outside the AfterDeck, and a fun DJ Dance that kept on partying until closing time! They are planning a wonderful season of events, so mark your calendar and join in the fun! The next two events are the Blessing of the Fleet and PotLuck Dinner on June 16 and the Progressive Dinner on July 21. Look for more information in this issue of the Mainsheet!

The Ships' Store

In case you haven't checked it out lately, our Ships' Store has a lot of new and wonderful merchandise! They are committed to being open for every club event this season and are available by appointment if you need something between events. Many thanks to Kathy Huffman and Allen Hale our Merchandise Committee Chairmen and their great Committee members. Stop by for a look and a friendly chat! If the Ships' Store is not open, you can call (or hail by ship's radio) any of the following Merchandise Committee Members. (Please no calls after 8 pm.)

Allen and Kathleen Hale - Hail "True Love" - Cell Phone 461-4253
Jon Bette Zehnder - Hail "Got Time" - Home Phone 785-227-3513 - Mobile Phone 620-245-1776
Doug and Nancy Frentzel - Home Phone 773-0246 - Mobile Phone 641-0401
Kathy Huffman - Hail "Main Course" - Home Phone 832-9662 - Mobile Phone 706-8042

The Communications Committees

In case you hadn't heard, two of our communications Committee Chairmen - Mark Reeves (Mainsheet Editor) and Ray Fox (Rapid Communications Hub Captain) have both been in the hospital with heart related problems. We are remembering them in our thoughts and prayers. Eric Palmquist (Yearbook Chairman) has sold his boat and will not be serving as Yearbook Chairman for next season. Eric has been a great asset to NSA by fulfilling this responsibility for nearly a decade and we are truly grateful for his many hours of creative contribution. The Yearbook is a vital tool for all the members. Many thanks, Eric! We need to fill this vacancy so if you are interested in taking on this position, please give me a call. Eric will be available to train you to take over the reins. Shannon Holley (Webmaster) continues to do a great job for the Club. Stay tuned as we are looking at some new features.

A Note From Joan and Roger Gibson (Social Committee Chairmen):

We want to thank everyone involved in helping us. What a great group of people. Thanks to all that came out to the lake. We had over 110 people. Food, Fun and Dancing. I'm very grateful it didn't rain on our parade that night. We had people everywhere and people dancing in the street. Many, many thanks to Patty and Ralph Hudson who donated the DJ. What fun!!!
So the 2007 FLOOD Party was a good one.
Thanks also to these very important people that helped with the party - Marlys and Jim Pierce and Schoen and Kinzie, who helped Roger cook hamburgers and hot dogs.

Thanks,
Joan and Roger Gibson

ANNOUNCING THE NSA ARBORETUM

The members of the Ninnescah Sailing Association have long been involved with the improvement and beautification of the Cheney State Park Sailing Center. Plans are now being made for the establishment of the NSA Arboretum: a long term, planned, irrigated, transplanted tree and shrub program for the NSA facility. The Membership have planted hundreds of trees over the years, some of which are now matured, and many of which have been lost to storms and other natural causes.

A generous grant by a member has been made to help fund the first phase of this program. The first trees will be transplanted in the fall, and will be trees of good size, and appropriate species for the area. Each tree will be on a drip watering system. We are working with a local nurseryman to obtain good quality specimens at competitive prices.

The Friends of Cheney organization, a non-profit corporation of Cheney State Park supporters, has offered to sponsor the Arboretum fundraising. Tax deductible donations are being accepted for the NSA Arboretum.

Those folks who would like to contribute may donate to the:

Friends of Cheney
1239 Denmark
Wichita, KS 67212

Note "NSA Arboretum" on the check. If you would like to fund a single tree and memorialize a loved one, the amount should be $300 or more. Attach a note with the name of the person in whose memory the tree will be planted. A receipt will be provided for tax purposes.

Please contact the Property Manager at 316.540.3674 with any questions. Volunteers will be needed as fall approaches and we prepare for the first transplantations for the NSA Arboretum.

NSA Yearbooks

Distribution

By decision of the Board to conserve funds, this year the NSA Yearbooks for active members will not be mailed to your home. You can pick up your 2007 copy from the Ships' Store in the AfterDeck. The Ships' Store will be open for every social event this season and by arrangement with one of the members of the Merchandise Committee.

If the Ships' Store is not open, you can call (or hail by ship's radio) any of the following Merchandise Committee Members:

Allen and Kathleen Hale - Hail "True Love" - Cell Phone 461-4253
Jon Bette Zehnder - Hail "Got Time" - Home Phone 785-227-3513 - Mobile Phone 620-245-1776
Doug and Nancy Frentzel - Home Phone 773-0246 - Mobile Phone 641-0401
Kathy Huffman - Hail "Main Course" - Home Phone 832-9662 - Mobile Phone 706-8042

Each member and each advertiser is entitled to one copy of the Yearbook free of charge. Additional copies are available for purchase at the standard rate of $5 each.

Corrections:

Section B - Past Commodores, Pg B 12, The 2006 Commodore was Alan Huffman.

Section E: Rules, Board of Governors Policy Statements, Pgs E 22-31 are missing. You may either save these pages from last year's yearbook as they have not changed or if you don't have one, you can pick up a new section from the Ships' Store.
