

THE MAINSHEET

Vol. 36 No. 3

March, 2007

Cheney Lake, Kansas

From The **Commodore**

The Super Bowl party was well attended and I think everyone there had a nice time, although the outcome of the game could have been better as far as I was concerned. But, when you grow up a Chicago sports fan, you are taught early on that "there is always next year".

The Board agenda stays very full and the Board is making progress by completing agenda items at each meeting. Our longer range issues, such as lease extension, are being addressed and progress is being made.

A task force made up of three Board members, our property manager, and one at-large member of the club has been formed to develop the details of the policies, procedures, rules and charges for member and non-member daily access to the electrical service in the camping area. Our goal is to approve those at our next Board meeting if the task force can get that work done in the next 30 days. I am pleased that we have a volunteer from the club at large who is also a user of that area included in that group.

The Long Range Planning Committee met March 4 after the slip exchange meeting.

The lake has come up a foot since last month, but still remains 2.6 feet below pool.

Board of Governors

Minutes of meeting
March 1, 2007

Board members present: Fitzgerald, Carlsen, Honeyman, Huffman, Pierce, Shull, Woodward and Graves.

Club members present: Adams, P & H Coulter, Mosley, Douthit, Olsen, Peppard, Acridge, Johnson, and Gerken.

Called to order at 7:00 pm.

- The minutes of the February 1, 2007 meeting were approved as published.
- H. Coulter reported on the planned new member activities and events.
- Acridge discussed yard space rental.
- Adams reported the lake level is up some but remains about two feet and eight inches below pool level.
- Johnson presented a request to transfer Orindgreff's slip to Kay and Charles Bruce with the sale of the boat therein. The board approved the request. He reported that all slip lessee's had renewed and that there were 23 slips available for lease or sublease and 22 members on the list requesting slips or transfers. He reminded members the need to send in their insurance information as required by the club's rules and advised the Board he would publish the noncompliant member's list in the March Mainsheet pursuant to previous direction from the Board.
- Graves presented the financial report, which was reviewed, discussed and accepted by the Board.
- Honeyman reminded members to close the gates to the slips and yards.
- Carlsen reminded members to check their boats and not to leave used oil or batteries at the club
- Fitzgerald delivered Garvey's report. The yearbook is under construction and she is seeking a cheaper delivery means for the Mainsheet and working on speeding up its delivery. The website will contain a master calendar.
- Pierce reported he and his committees are developing regatta announcements and continuing to seek fleets for participation in the CORN Regatta.
- Huffman said there had been no Afterdeck reservation activity this month.
- Woodward discussed work credit needs submitted by the respective Board members and advised the committee assignments would be made with the committee needs and member's requests in mind.
- Gerken reported on the USODA progress and other Jr. Sailing plans for the season. He requested the Board establish a policy concerning the use of the Jr. boats by other members when not in use by Jr. sailing. The board determined to take it up at the April meeting.
- The Board discussed whether or not a lap top computer for regatta scoring would be worth the cost, the Board determined it would not.
- Huffman reported that the abandoned boats would be listed

on ebay Monday, March 5. Members interested should make bids.
- Johnson reported on members who had not renewed and advised he would notify those persons they would be dropped from membership for non-renewal.

- The Board discussed slip AC rules and determined to not allow AC to remain on Monday through Friday unless the boat is occupied. A draft rule will be presented for action at the April meeting. The Board will also clarify the rule prohibiting charcoal grill use on the slips, which is currently included with the camping rules.

- Woodward, Adams, Pierce, Peppard and Graves were appointed to draft rules and procedures for the electrical use in the camping area for presentation at the April meeting.

- Adams reported on the bids received for the acquisition and installation of the fire alarm system being required by the insurance carrier. The Board approved authority for Adams, Carlisle and Woodward to proceed with acquisition and installation not to exceed \$3500.00. It was indicated that monitoring would not add any additional cost when combined with the current security system.

- Huffman advised he was continuing to review the proposed Slip/Yard Space Lease form with Leonard and would present a draft to the Board at the April meeting for consideration.

- The board was informed the Long Range Planning Committee would meet Sunday March 4 at 3:00 pm at the club.

- Graves advised he had had contact with several members concerning boats listed on the Reno Co. property tax list. Revisions will be made before the list is submitted. He also informed the Board he had met with Randle concerning action to be taken regarding NEST. He is also working on the change of the NSA Resident Agent.

- The Board discussed the insurance rules concerning member's boats and reminds members that failure to provide the required information could result in removal of their boat from the slip or yard.

- The Board discussed selling bagged ice on the premises and directed Huffman to bring a proposal to the April meeting for consideration.

- The Board discussed removal of nonmember's boats from the slips and/or yard. No action taken.

- The project to flip the deck board on the slips is stalled because of the weather and will be reviewed in April.

- A member's request for a partial refund of fees due to his leaving the club in mid season was discussed and the Board approved an exception to the rule 10 due to an error on the Club's part in issuing a credit and allowed the credit to be applied to inactive dues.

- Graves reported that a complete list of all club boats was compiled and verified by Randle and would be given to the boats committee for future monitoring to assure proper registration and property tax listing.

- April Board meeting at Quincy's, April 5 at 7:00 pm.

- Board breakfast, March 20 at the Beacon at 7:00 am.

Meeting adjourned at 9:30 pm.

Park Permits – 2007 Prices have gone down from 2006!!!

Get your permits early, **April 1st prices go up.**

Permit Type	Jan-Mar	Apr-Sep
Annual Vehicle	\$19.35	\$24.35
Senior/Disabled Annual Vehicle	\$10.75	\$13.25
2 nd Annual Vehicle	\$11.85	\$14.35
2 nd Senior/Disabled Annual Vehicle	\$7.00	\$8.25

The KDWP implemented a new automated permit processing system in 2006. Park Permits are now available at many new locations. Please remember many locations can only issue “Temporary” permits. These permits will say “Temporary”, in this case you must still bring your temporary permit to a qualified location to exchange it for a permanent permit.

Permanent permits can be obtained from:

Any KDWP Office

Snyder’s Marina (store opens March 16th call 316-542-0163 or 316-617-4889 or email snydersmarina@cox.net)

Permits are also available on-line from the Kansas Department of Wildlife and Parks:

http://www.kdwp.state.ks.us/news/license_permit_sales (some on-line permits print as “Temporary” and will need to be exchanged at a permanent permit location)
