Message from the Commodore

Happy February,

Oh my gosh is the winter going by without a zero degree weather. I know better then to brag. Your board members are working and planning for another great year. I am fortunate to work with such a great group of people.

We had a Mardis Gras Party on February 13th, organized by Thumper and Allen Johnson. It was a fantastic night with great food and entertainment. Chuck Rada-baugh is working with many of our members to have a great sailing and racing season. The KBRS team is making the schedule for Wednesday racing this year. Everyone is welcomed to join in on the fun! Scott Randle and crew are shaping up for another great year for Junior Sailing, Kent Carter and crew have dates set for all of the Learn-to-Sail classes, and Chris Zachary has been setting dates for our club events this spring and summer. Please call or email Chris if you are interested in volunteering at one of these events.

The Cheney Lake Association needs your support. Dues are \$35.00/ Year. They had another good annual meeting attended by Kansas Wildlife Park and Tourism official which included Linda Lanterman, Linda Craghead, and Cheney Park officials. We were also happy to meet State Senator Dan Kerschen.

On April 23, The Cheney Lake Association is hosting the annual OK KIDS Day. Last year one hundred-sixty kids and their adult companions attended. They were entertained and taught many interesting facts about nature and the lake. It is a great outdoor activity to take your kids or grand kids. I cooked 360 hot dogs last year. Whew! And it's a free event that takes place on the Free Park Admission Day.

I would like to thank Gregg and Cindy Greenwood for hosting another fun Super Bowl Party at the Afterdeck. Don't forget the SLIP EXCHANGE meeting on March 5th at 2:00 p.m. There will be a pot luck desert buffet and Doug & Donna Veith will bring the ice cream.

I hope you have had time to plan for preparing your boat with a few love pats and hugs along with a new coat of paint. Boat launching will start in less then 60 days. If any of you fellow members have questions about the club or events. Feel free to email me.

Smiles,

Andy Woodward

A MESSAGE FROM THE YARDMASTER

A REQUEST FOR PUSH MOWERS FOR THE BOAT YARDS

The club is in need of a few mowers this year. If you have a decent operable mower not being used that you could donate to the club please contact Dale Gronniger 316-371-7891; email yardmaster@ninnescah.org or contact Patrick Adams, Property Manager.

Have you checked your boat LATELY? It has been WINDY!

With the lack of recent rains fire danger is something we should be aware of. Please make sure the tires are up and your boat trailer is operable, so that it can be moved in case of a fire.

- Are your tie down lines rotted or worn?
- Is your tarp or cover secure? Was it one of those cheap ones?
- Are your halyards and lines tied off to avoid damage to your equipment?
- Are your cockpit drains clear?

During the off season please remember you are still required to check your boat at least every two weeks, make sure the tires have air and your equipment can be moved in the event of an

emergency. Boats need to be secured to the trailer and securely tied down to the provided concrete anchors. The doggy style anchors will not hold in the storms we get here, and will kill our mowers. Please check your lines, halyards and covers, the wind can quickly destroy your equipment, or you can damage someone else's. When you leave make sure all gates, buildings, and doors are closed and locked. Please take any used batteries, oil, tires or junk with you. If you have any questions or concerns, please contact me by email at Yardmaster@ninnescah.org

WINTER ACTIVITIES AT NSA

MARDI GRAS MURDER MYSTERY DINNER AT THE NSA AFTERDECK

It's Mardi Gras in New Orleans and the Krewe of Midas is holding their annual masquerade ball. As you would expect from the most exclusive and elite Krewe in New Orleans, it will be an evening of gowns, glamour, gossip, and MURDER!

Old scores are settled and family secrets are exposed when Pierre DuPre, the King of the Krewe, is murdered. The party guests must work together to determine who strangled the Mardi Gras King with a priceless vintage necklace!

With the help of the detective collecting clues during the six-course dinner, the mystery murder was solved.

WHO MURDERED PIERRE DUPRE!

Dupre's daughter and her Cajun fiancé

The young gold-digging new wife

The lawyer

His personal chef

The eccentric Novelist

The loyal french maid

His Illegitimate "Cool Cat" nephew

Did the Magnolia queen and her Cajun fiancé conspire to kill the old man and inherit his millions? Was it Pierre's young wife he brought home from Las Vegas? Did his lawyer or his personal chef kill him to pursue wealth and power? Was it his next door neighbor, the eccentric Gothic novelist? Perhaps it was the French maid who knew too much about the eccentric millionaire of the Garden District. Or, the illegitimate Cool Cat nephew!

NSA Board of Governors Special Meeting Minutes – January 14, 2016 - Afterdeck–7:00 p.m.

Present: Andy Woodward, Gregg Greenwood, Chuck Radabaugh, Chris Zachary, Roger Gibson, Doug Veith, Dale Gronniger, Sheila Wiston-Fox, Bruce Rowe

This special meeting is being held in order to acquaint the members of the club with the facts surrounding the demise of Snyder Marina and possible acquisition of certain of their assets on the east side of the lake. They have lost their lease and are being forced to remove their slips from the lake by February 3. An RCH was sent to all club members to make them aware of the situation and invite them to participate in the discussion which revolved around the possible acquisition of the block of slips at Snyder known as “A”.

At 7:10 p.m. Andy presented the basic outline of the facts as was known to him and then Gregg Greenwood fleshed them out some and invited the audience to ask questions. Basically, the idea was to remove our existing “C” slips and replace them with this unit. In the end, this “new” unit, would have smaller slips and would have to be extensively modified to meet the new electrical

and plumbing codes. In addition, since it was designed with motorboats in mind, structural analyses would be required for sailboat usage especially since the roof and underwater structures would be removed. Several KDWP studies would also be required prior to acquisition.

Our members asked pointed questions and noted that our existing “C” dock is still serviceable and is meeting our needs. Gradually, the mood in the room swung from “opportunity” to “reality”. And the reality was that by the time it was all said and done, we would be spending nearly the same amount of money getting this unit ready as a brand new dock would cost and it would still be inadequate compared to our A, B or D docks.

Andy called the board meeting to order at 8:10 p.m.

The board decided to shelve the idea of buying the Snyder “A” slips and focus of the possible acquisition of whatever verifiably intact encapsulated foam and concrete walkway slabs which might become available in the coming months.

The meeting adjourned at 8:25 p.m. Rowe/Gibson

NSA Board of Governors Minutes – February 2016

Present: Andy Woodward, Gregg Greenwood, Roger Gibson, Chris Zachary, Chuck Radabaugh, Doug Veith, Dale Gronniger, Sheila Whiston-Fox, Bruce Rowe.

Other members/guests: Patrick Adams, Allen Johnson, Scott Fry

Commodore Andy Woodward called the meeting to order at 7:00 p.m.

Minutes: Bruce Rowe-Secretary - The January meeting minutes were approved: *Gronniger/Radabaugh*

Property Manager’s Report: Patrick Adams

It has been a fairly busy winter.

Club Boats: Retrieved the Zodiac and Pontoon, and barge outboard from Wichita marine. All serviced and in good shape. Removed the tube set from the Zodiac for repair. Boxed and shipped to Houston with Tom Olsen’s assistance

Slips: Goose damage has slowed up, light emitters are helping but require repair from time to time. Flood light seems to help also.

- With Harbormaster, researching price/availability of encapsulated foam.

Spent time checking out the Marina Motorboat slips.

- Gave tours as requested to interested parties.

Afterdeck: We hosted the annual Cheney Lake Association meeting. It was well attended, with representatives from the KWLPT present.

-Removing some hazards and cleaning up the Afterdeck Basement.

-S&A Construction had a crew on site and completed work on some leaks and loose siding.

-Land line telephone has been removed. Members are reminded to always enter the locked building on the east end and have the security number code and password handy. False alarms must now be canceled by calling the security company with a cell phone. They will require the password.

Yards and Landscape: Park personnel have begun excavating new sewer line from the bathhouse south. New lift station is in place, old one will be removed. They have taken down a number of dead trees in that area for us. We will need some serious landscape and turf repair when these projects conclude.

Continued: NSA Board of Governors Minutes–February - 2016

Donations Needed: We need some things: Push mowers, computer cabinet for the weather station computer, carpet runners: short nap commercial carpeting for entryway, bookshelves for AD loft, display case: About 3'x 5', glass front, to display antique championship sail donated.

Call Patrick 316-540-3674 if you have any thing we could use. Thanks.

-There are lots of eagles, pelicans, and waterfowl around this year. Come on out!

Financial Report: Sheila Whiston-Fox-Treasurer
All the tax statements have been sent out

Administrative Secretary Report: Allen Johnson
Allen presented a document showing all the members that have not paid their first half dues and discussed arrangements that have been made by some of them.

Marketing Committee Report: Gregg Greenwood
Met ten days ago for a brainstorming session with this young, vibrant committee and discussed how to coordinate with Learn to Sail and involve different company's participation as per the by-law change.

Members/Guest Forum:

Scott Fry - I am working with the Oz Bicycle Club to try to schedule a bicycle ride leaving from the Afterdeck. Details are sketchy at the moment, but would like to try to get them out here to see our facility.

Some discussion followed regarding permits from the park, waiving of entrance fees, etc. Typically, just a gathering of cyclists to go for a ride on some Saturday or Sunday doesn't require any assistance from a facility. They are pretty much self-contained except for having adequate parking. An event sponsored by an organization however, is a different story.

Board Members Reports:

Secretary: Bruce Rowe - As I was following the emails about getting a venue or our meetings, it seemed that our meeting start time might be modified from our usual 7 p.m. to 6:30 p.m., hence that is what I put in the RCH. I just want to clarify that our start time will still be 7:00 p.m. And that we will be staying here at Pathway.

Treasurer: Sheila Whiston-Fox - Sheila presented the NSA financial statement with accountants' compilation report for the month ended January 31, 2016.

Yardmaster: Dale Gronniger - I would like to remind members to come out every so often and check on their boats, especially after storms to make sure their drains are not clogged and everything is okay. Also remember to lock the gates when you leave.

Will be working with Jack Kramer on lot spaces and numbers.

Harbormaster: Doug Veith - Remember the slip exchange meeting on March 5, 2016 at 2:00 p.m. A dessert pot luck to follow and I will supply the ice cream.

Vice Commodore: Chuck Radabaugh - Zodiac has been Packed and shipped to Houston for repair.

Junior Sailing: Dates for camps have been set, July 18-22 and August 1-5. Flyer and Registration forms are being reviewed. Possible Racing Clinic July 28-30. Nick from OCBC would come up and teach. CSSA Junior Championship Regatta Saturday August 6th
Committee meeting being scheduled for 2nd or 3rd week in Feb.

- Last spring at one of the BOG meetings Paul Faber mentioned he was planning on traveling to the Kansas House and Senate to discuss legislation regarding sailing in the spring of 2016. Scott to find out about Senate bill 190 (from 2015) that was tabled. This deals with exempting the requirement for the Kansas boating safety course if the youth are involved in a instructional course.
Trevor Thornicroft Memorial - Family has put this on hold for now.

-Would like to coordinate with KBRS for ride-along July 13 and Aug. 3

Learn To Sail: Met with the planning committee (Carter, Greenwood, Adams, Radabaugh) Discussed a number of issues.

Dates for Classes are set: June 7, & 11-12, July 6, & 9-10, and July 26, & 30-31

Hoping to use Pathway Church facilities for classroom time. Pending approval

Keelboat One Day class is being Proposed: August 20th
Determined we would not be sending instructors through the classes again

Kids Day at the Lake April 23? - Can we get some boats over to the other side of the lake for a static display?
Maybe have some sailing in the cove.

Operations: Chris Zachary - All dates solidified for summer events except the Progressive Dinner
Mardi Gras event nearly sold out. We will not be using the leftovers from the Low Country Boil

- Need cages for the propane tanks which are only used for the LCB to satisfy a BOR requirement or remove them completely from NSA grounds until we need them.

- Need merchandise suggestions: send Chris an email with suggestions-NSA Burgee's?

- Want monthly reports from each board member by the 20th of the month so they can be edited by Kay Bruce before submission to the Mainsheet.

Some discussion about the Low Country Boil leftovers of shrimp, brats, corn and bread. They cannot be stored indefinitely and we need to get our value out of them.

Continued on next page

Continued: NSA Board of Governors Minutes–February - 2016

Commodore Elect: Roger Gibson - Need to get work credit committee's established and their manpower needs assigned. Allen Johnson to forward information from membership renewals. Board members to review and adjust if necessary. Process will be complete and committee assignments published in March.

Past Commodore: Gregg Greenwood - February 7 is the Superbowl Party at 5:30 p.m., February 13 is the Mardi Gras event, March 5 is the slip exchange, March 12 is a square dance event, Working on new brochures for our Afterdeck.

Old Business:

Jetty/Cove Update: Not much going on this winter

WiFi update: KanOkla has installed a dish on top of the COOP grain elevator in Cheney for Wi Fi and our facility might be within their range, however alternatives are still being researched from a variety of providers.

Afterdeck Repairs: See Property Manager's Report.

New Business:

Cheney Lake Association annual meeting was last Sunday and the Park Manager was very complimentary of NSA and CLA.

There will be another Legislative Luncheon March 23 in Topeka. We will maintain a booth under the rotunda at this event and Andy is committed to being there. He invites anyone in the club who would like to help out/attend to contact him.

A motion was made and approved to allocate funds not to exceed \$90 for our shared cost with the CLA of said booth. *Greenwood/Zachary*

Doug Veith brought up an article from "Good Old Boat" in which the editors were looking for stories about sailing venues and sailing associations to feature in their magazine. It might be an opportunity for us to consider. Perhaps the marketing committee could come up with something?

Announcements:

- Next BOG meeting March 3, 2016 at Pathway Church 7:00 p.m.

- Next BOG breakfast February 16, 2016 at the Copper Oven 7:00 am.
